STATINTL

Lorraine:

[REDACTED] of Liaison Division called re a letter he referred to us from Air Force on E&E--school being set up for 1 September--other agencies contributing toward training syllabus along that line--probably requesting we do likewise.

[REDACTED] tells me anything of this sort has to be considered three ways: operationally, support-wise, and training-wise. In that vein, [REDACTED] (ORR) will be glad to offer any assistance to OTR along the support line in this request.

When the letter reaches you, you might attached this note or type one of your own to convey about message.
